Hours: Monday to Friday 12.00pm - 2.15pm, Monday to Saturday 6.00pm - 10.15pm

Ubon sits at the top of a magnificent 'lighthouse' on the riverfront. The fourth floor restaurant has continuous floor to ceiling windows, giving diners spectacular views of the City of London.

The menu at Ubon draws heavily on the existing menu at the sister restaurant Nobu. It includes dishes such as New Style Sashimi, Beef Toban Yaki and the legendary Black Cod with Miso. In addition, lunch times feature an extended menu of dishes geared to a quicker style of service. This includes a large selection of Donburi's, extensive choices of noodle dishes, assorted sushi lunches and the renowned Bento Box.

Situated in the heart of London's Docklands, Ubon offers a take away service for those times when you fancy a night in or a working lunch in the office. Ubon to go take away menu features sushi and sashimi, appetizers, salads and a selection of hot items.

When it comes to planning the catering for Weddings, Christenings, Christmas or parties in general, Ubon offers a complete service to take care of all your requirements. Whether its a Birthday Party or a sit down Wedding Banquette, our technical expertise and superior knowledge is next to none, and we do all the organizing for you. An Ubon specialty that comes as second nature to us is corporate and home entertaining either here at Ubon or a location of your choice. From small to grand, our competitive rates are well worth your enquiry and we will ensure that your event is talked about for a long time afterwards.

"Easier to book" and "less pretentious than its anagram in Mayfair", Nobu's "phenomenal little sister" in Canary Wharf is "every bit as good" when it comes to the "fabulous" Japanese-South American fusion fare (including the "signature miso black cod") - and may even be "a touch better" thanks to the "fantastic view over the Thames..."

Zagat Survey
